About IEHP Foundation

Our Why

At IEHP Foundation, we know that healthy living starts long before and extends well beyond a doctor's visit. That's why we collaborate with nonprofit organizations and invest in initiatives that strengthen the building blocks for good health.

Because when everyone in the Inland Empire lives a full and vibrant life, our region thrives!

Igniting Vibrant Health Together!

IEHP Foundation is a separate nonprofit organization, created by **Inland Empire Health Plan** as a strategic investment in a community-centered approach to tackle health disparities from the start.

While the health plan delivers clinic-based healthcare services, the Foundation focuses on improving the community conditions that shape a person's health, like access to food, housing, mental health care and economic opportunity. Our independence as an organization allows us to invest flexibly in long-term, community-led solutions to help improve health and wellness across the region.

IEHP Foundation | IEHP Inland Empire Health Plan

Advancing Vibrant Health in the Inland Empire.

Investing in initiatives that strengthen the building blocks for good health.

Helping to navigate policy changes and implementation from H.R. 1.

Leadership Network Overview: Objectives, Expectations of Engagement and Direct Funding

IEHP Foundation

Leadership Network Summary

A two-year leadership development program (2027-2028) for an Emerging and Executive leader from 20 nonprofit organizations, building the critical leadership and advocacy skills needed to drive long-term system-level improvements that advance the health of Inland Empire communities, including navigating H.R.1, Medi-Cal and CalFresh changes.

This opportunity is more than a grant — it's joining together to amplify our voices and expand resources to build vibrant health across the IE.

Overall, the Leadership Network involves:

- 6 leadership develop sessions per year for an Executive and Emerging Leader
  - 4 in-person local full day convenings
  - 1 in-person advocacy trip to Sacramento (2 days, 1 night)
  - 1 in-person leadership retreat (up to 3 days, 2 nights)
  - Intersession/ad-hoc activities, such as educational webinars, peer learning opportunities, and in-district legislative visits (approx. 8 – 15 hours commitment per month)

- $50,000 in direct funding to organizations to build capacity and strength each year ($100,000 total)

Responsive & Iterative Design

As part of a responsive and iterative design process, many lessons have been incorporated into the design for the upcoming cohort.

Theme	Lesson from Cohort 1	Lesson Applied for Cohort 2 Design
Cohort Size	80 leaders/40 organizations – hard to navigate deep relationships	40 leaders from 20 organizations will be selected
Collective Policy Agenda	Diverse array of missions and SDOH focus areas made identifying a collective policy agenda difficult	All organizations, no matter SDOH addressed, must be positioned to mitigate the negative impacts of H.R.1., Medi-Cal and CalFresh changes.
Building Relationships with Local Elected Officials	Opportunities to engage local elected officials in district were limited for those interested	Intentional inter-session opportunities with local elected officials in-district (if interested)
Resources to Implement Learnings	Limited organization resources available to implement learnings from Leadership Network	$10,000 of direct funding allocated to respond/implement lessons learned from Leadership Network
Equitable Funding	Different funding levels based on organizational budget	Same time commitment from all organizations/leaders, so same amount of direct funding provided.

Plus, an opportunity to engage with an Alumni Network of 80 leaders!

Training Goals & Objectives

Develop a **highly skilled, connected, and advocacy-ready cohort** of nonprofit leaders who will champion Vibrant Health and **drive systems-level change across the Inland Empire for years to come**.

1. **Strengthening leadership capacity** by building skills in critical thinking, change management, resiliency, team culture, and succession planning to support long term organizational sustainability.

2. **Developing a collective policy and advocacy agenda** that unifies regional leaders around collective priorities related to HR1, Medi-Cal, CalFresh impacts and other shared issues.

3. **Enhancing cross-sector connections among organizations** addressing social drivers of health to improve coordinated support for Medi-Cal communities.

4. **Improving organizations' roles as trusted messengers** by equipping leaders to communicate policy changes clearly and connect community members with essential resources and services.

5. **Advancing regional health outcomes** by increasing organizational capacity, strengthening collective advocacy, expanding public and private funding, and promoting health equity across the Inland Empire.

Impacts of H.R.1, Medi-Cal and CalFresh changes is a near-term priority, part of a long-term strategy.

Leadership Network Sessions

- Sessions will focus on improving leaders' knowledge and intentional implementation of best practices across a variety of Leadership Skill domains.

- Specific leadership skill domains to be discussed will vary depending on the cohort participants selected, but may include:
  - Self-Awareness
  - Critical Thinking
  - Team Development
  - Succession Planning
  - Change Leadership
  - Wellbeing of Others
  - Policy & Advocacy

- Various training formats during sessions including:
  - Guest speakers with proven leadership
  - Peer Learning Circles
  - Hands-on activities (role-plays)
  - Tools/resources to apply within organization

- Opportunity for leaders to strengthen relationship with the Emerging/Executive leader from their own organization and solicit feedback from peers at other organizations.

Direct Funding Section

- Organizations will receive **$50,000** each year **($100,000 total)**
  - **$40,000/year** should support a project aligned with one IEHPF Organization Strength (OS) goal to improve the capacity and internal infrastructure of the organization
  - **$10,000/year** should be allocated to allow leaders to implement lessons learned during the Leadership Network

- Funds need to be spent in the year they are remitted (Year 1 funds in 2027; Year 2 funds in 2028)

- Funds are flexible - may support direct operations or indirect costs of activities

- Funds may support the entirety of the project or be leveraged with other funding sources

- Funds should focus on capacity building efforts and aligned with IEHPF's Organizational Strength goals

- Leaders will be provided a separate travel stipend for Sacramento – do NOT include in project budget.

Projects/Activities NOT eligible for funding

- ✓ Projects where overhead costs exceed 30%
- ✓ Projects that are funded whole or in part by another IEHPF grant opportunity

FAQ sheet will be updated on an ongoing basis with additional insight into potential project eligibility and examples.

Application Overview:
How to Apply & Key Dates

IE HP Foundation

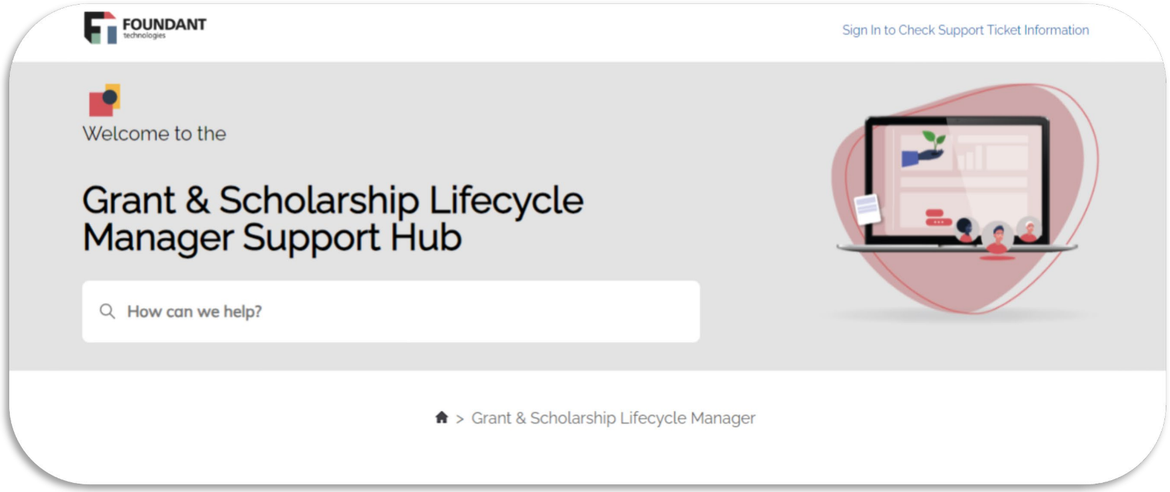

Grants Management Portal

IEHP Foundation uses Foundation Grants Lifecycle Management (GLM) as the platform to management all grant and funding opportunities.

- To access, go to iehpfoundation.org and click on Grantee Portal in the upper righthand corner.
- For additional information on available grant/funding opportunities click the Grant tab.

Tutorials and Support

- Foundant Support Hub offers a library of tutorials, please reference as needed: Grant & Scholarship Lifecycle Manager – Foundant Technologies
- Recommended to use “applicant” as a key word in searching for tutorials and support.
- Specific helpful tutorials are linked throughout the application process.

Organization Profile

- Each **organization** should have one profile in IEHP Foundation's grant management portal
  - If another funder for your organization uses Foundant GLM, a profile will need to be created in IEHP Foundation's grant management portal, as profiles are not shared between funders.
  - If your organization has received funding from IEHP Foundation before, an organization profile already exists. **Do not create a new profile.**

- Each **organization** should only submit one application for this opportunity. Organizations that submit more than one application will not be considered.

- Organization information needed to setup an account is minimal:
  - Name of Organization
  - EIN
  - Address
  - Website
  - Phone Number
  - Email Address
  - Primary Contact
  - Mission Statement
  - IEHPF Subregions Served
  - Vital Conditions Addressed

Individual (User) Profile

- Each individual should have their own, unique user profile. IEHP Foundation recommends that users do not share logins.

- Individuals (grant writers) that represent multiple organizations can have one login.

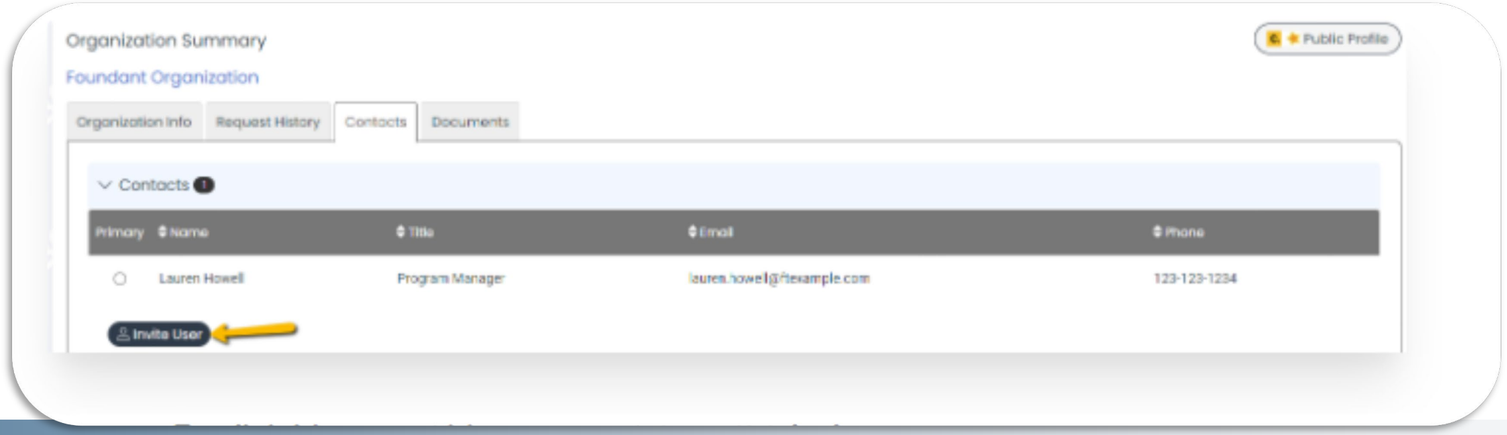

- **Applicant** for the grant will be IEHPF's main point of contact for grant updates.
  - Primary contacts will be copied on the email communications

- Individual contact information needed to setup an account includes:
  - Name
  - Job Title
  - Address – use official organization address/place of work. Do not use personal address
  - Email
  - Phone Number
  - Password

Individual (User) Profile

- Each organization will need **one primary contact identified**. This contact can be the same as the applicant or it can be another staff member
  - Primary contact must have signing rights for the organization – will be sent grant agreement if selected.
  - Primary contact will be copied on all communications from portal, if different than individual applying

- Multiple individuals can be assigned and invited to work on the application. Instructions available here. Please note individuals must work asynchronously on the application. Communication between staff is important as prior versions of the application cannot be recovered.

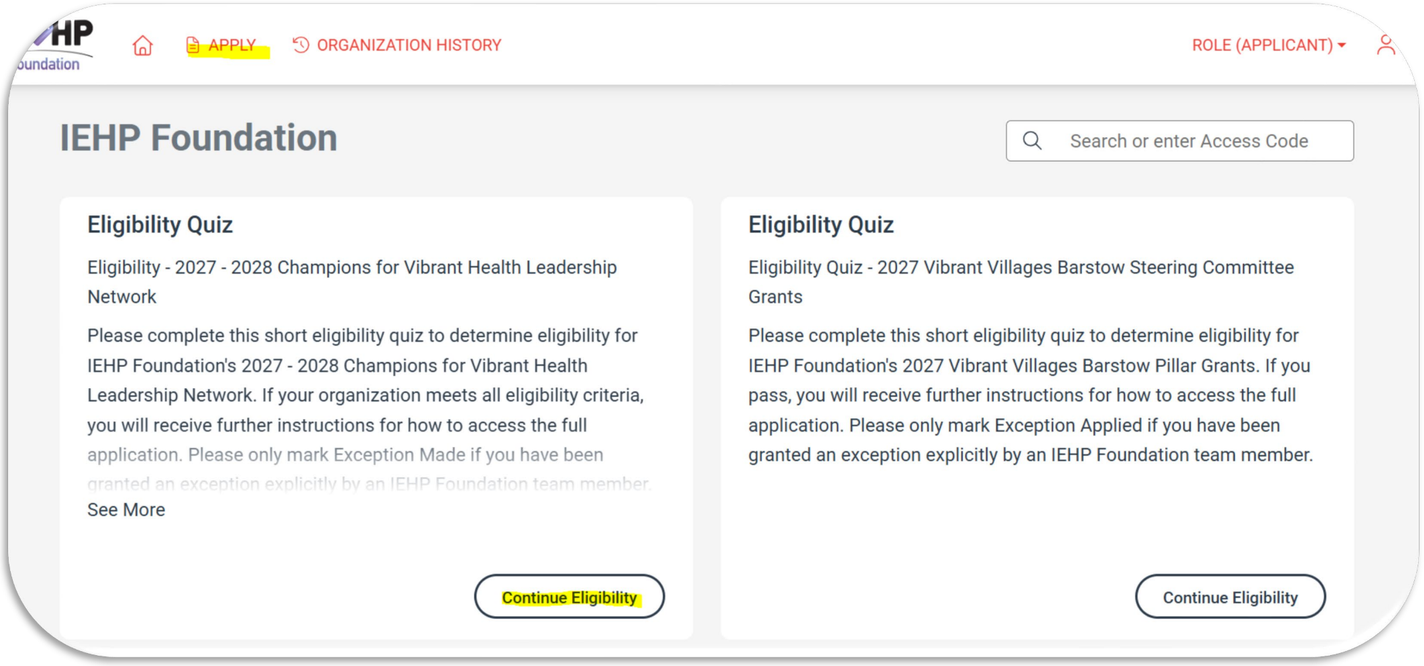

Eligibility Quiz

- Before navigating to the application, applicants must complete a **brief** Eligibility Quiz

- Eligibility Quiz only takes a few minutes to complete.

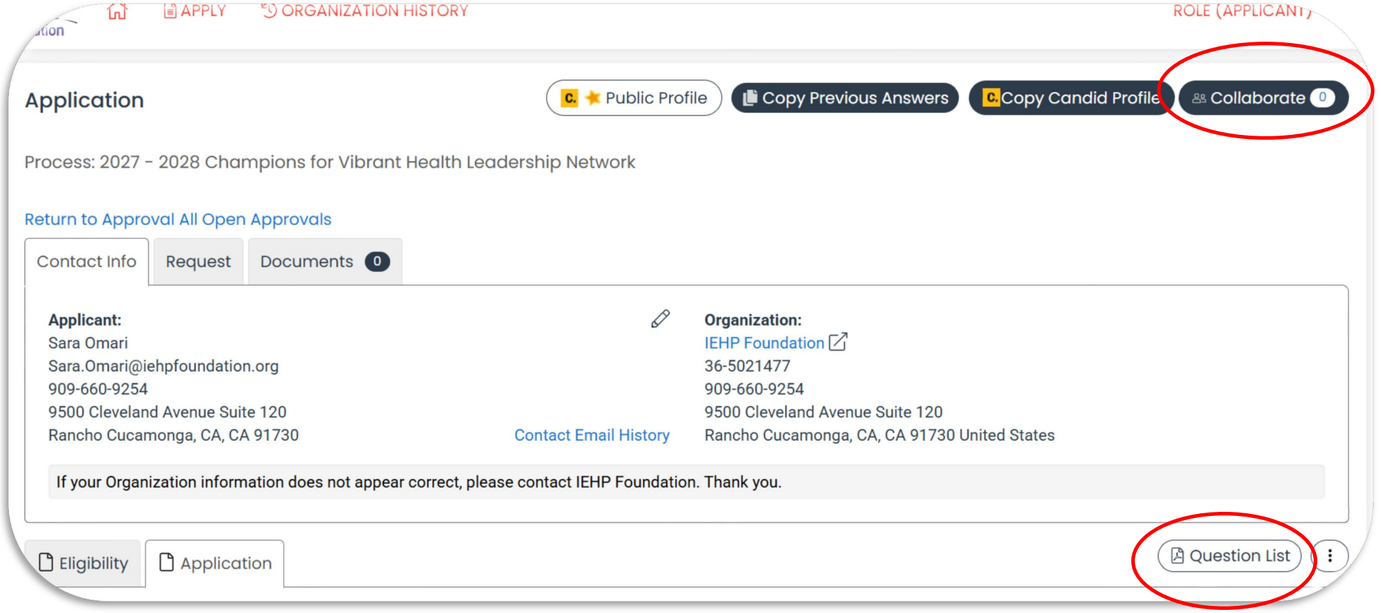

- If your organization passes the eligibility quiz, instructions will then be provided directly on the Grants Management Portal for how to access the application.

- Once logged in, click “Apply” to access the Eligibility Quiz (and other open grant opportunities).

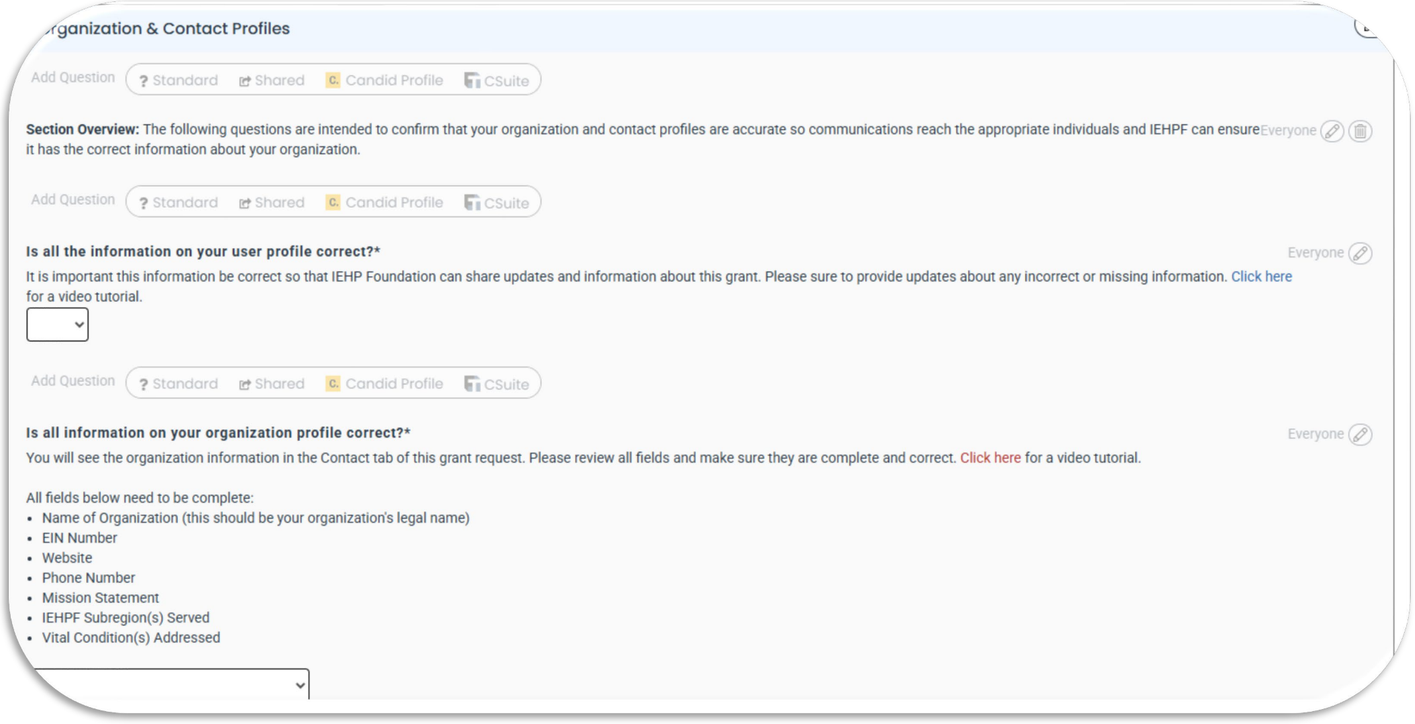

Application

- Save application periodically – no autosave.
- Can collaborate on application; however, if two people are working on the application simultaneously, saves will override. So, only one person should be logged in at a time.
- Full application can be previewed via question list.
- Character counts include spaces.
- Sections include:
    1. General Instructions – **read in full!**
    2. Organization & Contact
    3. Organization Details
    4. Direct Funding
    5. Executive Leader
    6. Emerging Leader
    7. Additional Information (Optional)
    8. Process Feedback (Optional)

Organization & Contact Profiles Section

- Confirmation that organization and contact profiles are updated
- Allows space to provide updated information
- Link to guide video provided

Organization Details Section

- Resources (budget, staff, volunteers, board, funders)

IEHPF Evaluations

- All requests received by IEHP Foundation are evaluated by no less than two staff members.
- Not all questions will be weighted equally – review individual measures for additional insight.
  - **indicates a weighted question
- Not an exact science – consideration given to population and region served to ensure diversity and full region is served in each grant opportunity.
- Specific scores will not be provided to applicants, but feedback can be provided, upon request.
- In total, 20 organizations will be selected for this opportunity.
  - 2025 – 2026 Leadership Network: 37% selection rate (108 submissions)
  - Approx. 40% selection rate across all competitive IEHPF grant opportunities

IEHPF Evaluation Framework - ARCH

- All request are evaluated using the ARCH framework. While individual measures of evaluation differ by grant, all measures fall into 4 categories:
  - **Accountability:** Organization demonstrates accountability to funders and community by being operationally efficient through healthy finances and strong leadership.
  - **Results-Oriented:** Organization strives to achieve results that are identifiable, measurable and demonstrate progress towards data-driven decisions.
  - **Connectedness:** Organizations intentionally connects with community and networks with other organizations.
  - **Health Outcomes:** Organization is positioned as a trusted messenger of health to IEHP Foundation's priority populations through improving health outcomes related to IEHP Foundation's priority Vital Condition action areas.

Accountability Evaluation Measures

1.1 Executive Leader: Community Engagement & Change Leadership - Executive Leader demonstrates measurable success at leading change within and outside their organization and balance across leadership commitments.

1.2 Executive Leader: Learning & Vision** - Executive Leader demonstrates a vision for their organization that is clear, feasible and advances Vibrant Health and clearly articulates how learnings from the Leadership Network will advance that vision (directly and through individual development).

1.3 Emerging Leader: Leadership Capacity & Role Clarity - Emerging Leader demonstrates leadership within/outside their organization, a clear vision for growth and how the Leadership Network will advance their growth to address organization/individual challenges and a balance of all commitments.

1.4 Executive & Emerging Leaders Identification & Complementarity - Organization demonstrates a thoughtful and intentional selection process for identifying the Executive and Emerging Leader that advances their organization's mission and builds upon a complementary working relationship.

1.5 Governance & Financial Stewardship Readiness - Organization demonstrates sound governance structures, diversified funding, and strong social capital, including the effective engagement of board members, volunteers, and staff. Together, these resources position the organization to responsibly manage grant funds, strengthen organizational operations, and fully support leaders' participation in the program.

Results -Oriented Evaluation Measures

2.1 Project Plan - Organization demonstrates a clear, feasible, and well-structured project plan with defined activities, roles, and timelines that align with Organizational Strength goals and address a meaningful organizational need.

2.2 Indicators & Impact Measurement Plan - Organization demonstrates thoughtful selection of Indicators of Success for their funded project and outlines a practical plan for measuring progress, using data to inform decisions, and assessing the project's impact on organizational effectiveness.

2.3 Opportunity for Impact** - Organization demonstrates that its programs and services reach a substantial portion of the Medi-Cal community in the Inland Empire, indicating a breadth and scale of service that positions the organization to make a meaningful and measurable impact.

2.4 Budget Narrative & Financial Stewardship - Organization demonstrates mission-aligned financial planning that clearly explains how grant funds will be used and leveraged to strengthen organizational capacity and advance Vibrant Health.

2.5 Application Completeness - Organization adheres to all instructions in the application and answers all parts of questions thoroughly, thoughtfully and succinctly.

Connectedness Evaluation Measures

3.1 Trusted Messenger of Health** - Organization articulates their connection to priority populations and how they incorporate community voice or feedback in their program design and/or evaluation.

3.2 Emerging Leader Connection to Inland Empire** - Emerging Leader demonstrates a commitment to serving the Inland Empire region and a role that contributes to advancing Vibrant Health within the region.

3.3 Executive Leader Connection to Inland Empire** - Executive Leader demonstrates a commitment to serving the Inland Empire region and a role that contributes to advancing Vibrant Health within the region.

3.4 Partnerships & Collaboratives - Organization demonstrates strong, intentional partnerships with multi-sector organizations, collaboratives, and networks that enhance capacity, expand reach, and support improved outcomes for priority populations.

3.5 Geographic Reach - Organization demonstrates meaningful service presence within Inland Empire communities, particularly those facing geographic or structural barriers, and articulates how its reach supports improved access and equity.

Health Outcomes Evaluation Measures

4.1 Vital Condition Alignment - Organization demonstrates a strong alignment between its programs, services, or proposed project and one or more IEHPF Vital Condition Action Areas that contribute to improved community health and wellbeing.

4.2 Priority Communities Alignment** - Organization demonstrates that its mission and services intentionally and effectively support children, youth, and families from IEHPF priority communities within the Inland Empire (e.g., rural/remote, low-income, low-HPI).

4.3 Medi-Cal Population Alignment** - Organization demonstrates deep engagement with the Medi-Cal population through service delivery, partnerships, or benefits navigation, and articulates how program participation will further support Medi-Cal members and mitigate anticipated challenges HR1 changes may bring.

4.4 Policy & Advocacy Alignment - Organization and its leaders demonstrate a strong understanding of the key issues, conditions, needs and policies that are most critical for them to address and advocate for on behalf of the populations they serve.

4.5 Contribution to Leadership Network - Organization and its leaders demonstrate a unique perspective and strong self-awareness regarding how they will meaningfully contribute to the diversity, learning, and collective strength of the Leadership Network.

What makes for a strong submission?

- Organizations demonstrate a strong history and presence of serving IE residents from IEHPF priority populations
- Responses from leaders that demonstrate how participation will advance their professional and personal goals.
- Responses are specific yet succinct
- Address all components of any given question
- Given limited word count - focus on alignment of your organization/network's programs, services and project with IEHPF's mission, priority populations and Vital Condition action areas

Reporting & Engagement

Reporting & Engagement

- A grant impact report will be required to be submitted once per year (around the 9-month mark) via the Grants Management Portal
- Report will include questions about impact of direct funding at the organization level and will measure impact of training on each individual leader
- Organizations will receive a copy of the grant report questions no later than one month before submission deadline
- During the grant cycle, IEHPF staff may reach out to schedule a site visit to learn more about your organization, and impact of IEHPF's partnership. We also encourage organizations to invite us proactively to their sites, if selected.
- Leaders are expected to engage in 100% of scheduled sessions and meaningfully engage in intersession activities.

Important Notes

- **Apply early:** Allow sufficient response time for any questions, updates to Candid Guidestar and technology concerns. Late applications **will not** be accepted.

- **Status Updates:** Email communications regarding the status of your application will come from IEHP Foundation Grants administrator@grantinterface.com and grants@iehpfoundation.org. You may also view your application status update by logging into the grants management portal.

- **Successful Submission:** An application is considered successfully submitted only if you receive a confirmation email.

- **Follow instructions**: Read all instructions carefully and thoroughly. Failure to adhere to instructions will impact the evaluation of your application.

- **Reach Out:** IEHP Foundation recognizes organizations may have unique and nuanced experiences. Email grants@iehpfoundation.org for any questions. Allow 3 - 5 business days for a response.

- **Be Honest:** IEHP Foundation values honesty and transparency. This opportunity is intended to be responsive to the opportunities and challenges facing Inland Empire nonprofits.
